1971 EASTER SEAL CHILD

Miss Theresa Dawn Quinn, a 13-year - old youngster who lives in Woodbridge, Va., has been selected as the 1971 Virginia Easter Seal Child for the campaign which began March 1 and will continue through Easter Sunday, April 11. The official kick - off ceremony for the Easter Seal Campaign was held on March 1 in Richmond at the State Capitol with Governor Holton receiving the first sheet of Easter Seals.

Theresa, daughter of Mr. and Mrs. Paul H. Quinn, has cerebral palsy and has been crippled since she was one year old with flaccid paralysis of both lower and left upper extremities.

She loves doing things like any other child, such as reading, swimming, horseback riding, and working jigsaw puzzles. She looks forward to going to Camp Easter Seal each summer and wants everyone to know that their contributions to the Easter Seal Drive make this possible.

The Easter Seal Society provides speech therapy, physical therapy, care and treatment, equipment loan, purchase of orthopedic appliances, transportation, direct aid to those needing medical assistance, medication, career guidance, information, referral and follow-up, and much more.

Conservation Cost-Sharing Program

Appomattox County farmers are now participating in the new Rural Environmental Assistance Program (REAP) with major emphasis on solving those environmental problems which have been intensified by agricultural operations.

"Farmers have known REAP as ACP – The Agricultural Conservation Program," Mr. Alvis said. "The cost-sharing principle will be the same – that is, farmers and the Federal government will share equally in paying for beneficial conservation practices. The restructured program will be in line with modern day needs for a better environment, both on and off the farm."

A major thrust will be to reduce water pollution. Water retaining and retarding measures on farms – such as dams and ponds, permanent grass cover, waterways, buffer strips, and tree plantings – will be encouraged. These will be directed toward reducing silt in streams, rivers, lakes, and other bodies of water and toward reducing pollution from animal wastes, fertilizers, and pesticides.

As in prior years, applications for conservation cost - sharing will be made at the County ASCS Office and must be approved by the County ASC Committee before work begins. The farmer-elected committeemen will continue to select practices best suited for meeting local needs, will determine which farm lands need treatment, and will fix the amount of cost-sharing to be provided each approved applicant.

The REAP funds for Appomattox County have been received and applications by farmers are now being accepted by the County Office.

Help For The Disadvantaged

Cont'd from Page 1

Reading Clinic – Mrs. Torrence; and Summer School Program – Mrs. Hesson.

Mr. Smith then gave an account of the budget distribution. After entertaining a question concerning the possibility of a dental clinic being made available for children in the Title 1 program, he expressed a hope that increased funds in the future might enable the program to include such services as this.

A motion to continue the presently existing programs through the 1970-71 school year was made and carried unanimously by the committee.

Social Security Answers Your Questions

Q – I'm 62, but my husband is only 59. I have been a homemaker all my life and have never worked under social security. Can I collect monthly social security benefits?

A. No. Since you have no work credit of your own under social security, your husband must be entitled to social security benefits before you can collect monthly cash benefits. He will become eligible for reduced retirement benefits at 62 or full benefits at 65.

Q – Next year, I'll be 62. If I retire then, how much will I collect from social security?

A – Talk to the people at your social security office to get an approximation of the dollar amount of your monthly benefit. The earlier you retire, the less you get. Your basic retirement benefit is figured on your average earnings covered by social security up to age 65. If you elect to retire as soon as you are 62, your benefit would be 20% less than the amount you could expect at 65. The benefits are reduced 5/9 of one-per-cent for each month before you're 65. If you decide to retire next year – or any time before age 65, don't drop any private health insurance you may have. Medicare health insurance is not tied to retirement benefits. You must be 65 or over to be eligible for Medicare.

Tour Group

Appomattox County is a participant in the Lynchburg Tour Group which elected officers recently.

Sherry L. Coker was re-elected president of the corporation.

Perhaps the biggest accomplishment over the past year, Coker said, was the distribution of attractive color brochures on Appomattox and surrounding points of interest on a widespread basis throughout the United States, Mexico and Canada.

A quarter of a million brochures were printed and an estimated 100,000 have already been distributed, Coker stated.
